

Scuola Primaria Gino Bellini

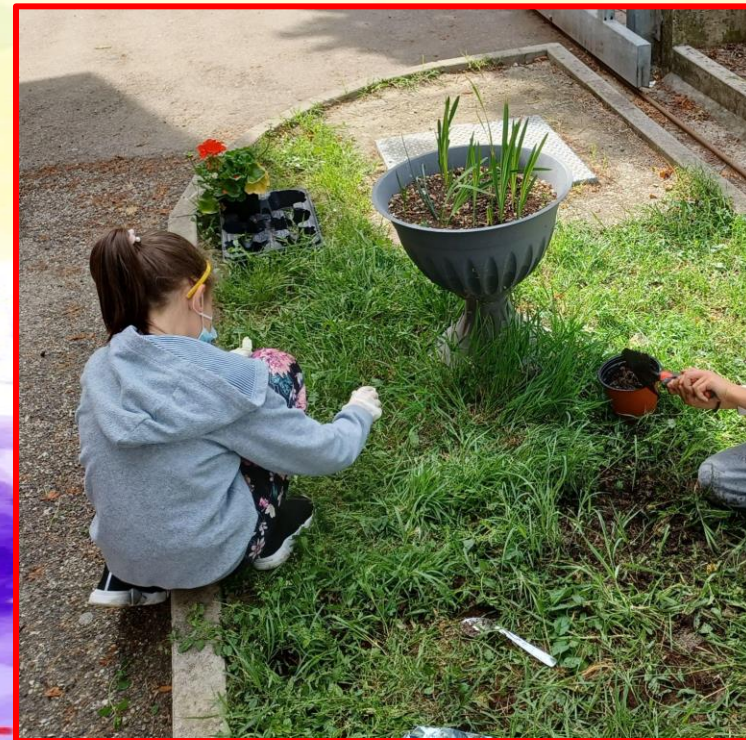

Erasmus Dissemination Nature Day

SECOND PART

Saturday May 15°, 2021

Third classes

Gardening !

First step: cleaning and weeding

Preparing the pots for our flowers

Taking care of our
beautiful flowers in
the pots....

Outdoor measurement workshop:

- collect natural materials in the garden;
- measure weight and length;
- reorder from the longest to the shortest, from the heaviest to the lightest;

Measuring
natural
materials'
length and
weight

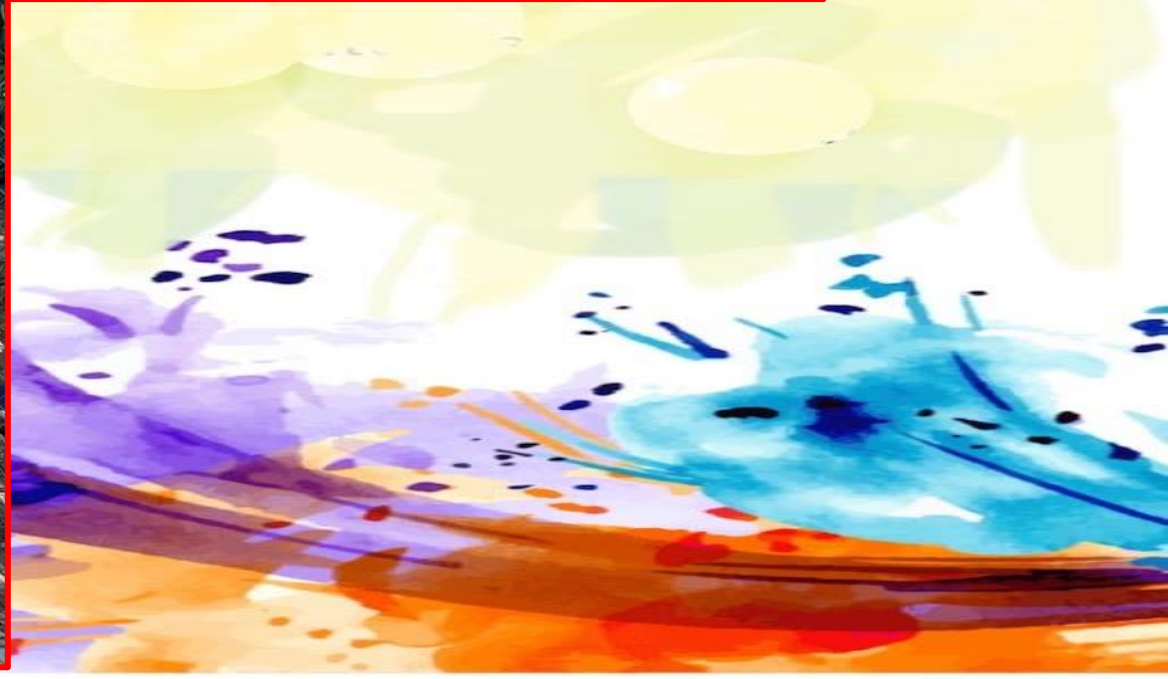

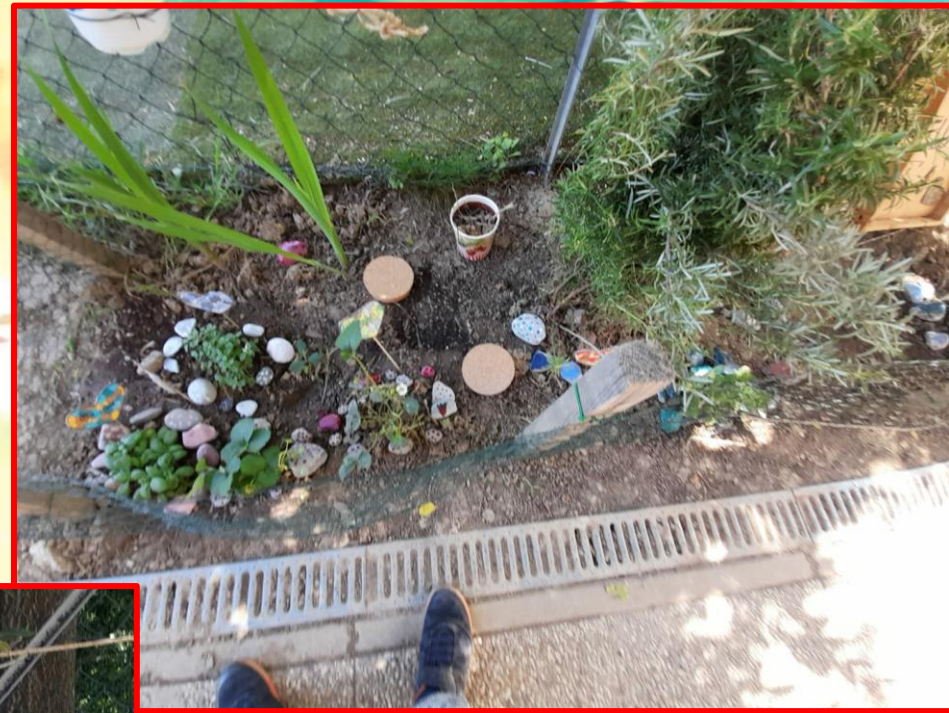

Fourth classes

A vegetable and aromatic garden with painted pots and pebbles...

...and a funny scarecrow

Decorating a Wise tree, so we can
read stories together under its
branches

Preparing the amenity

Creating a fairy village
right around our wise
tree trunk

The wise tree
is ready to
listen our
stories!

Fifth classes

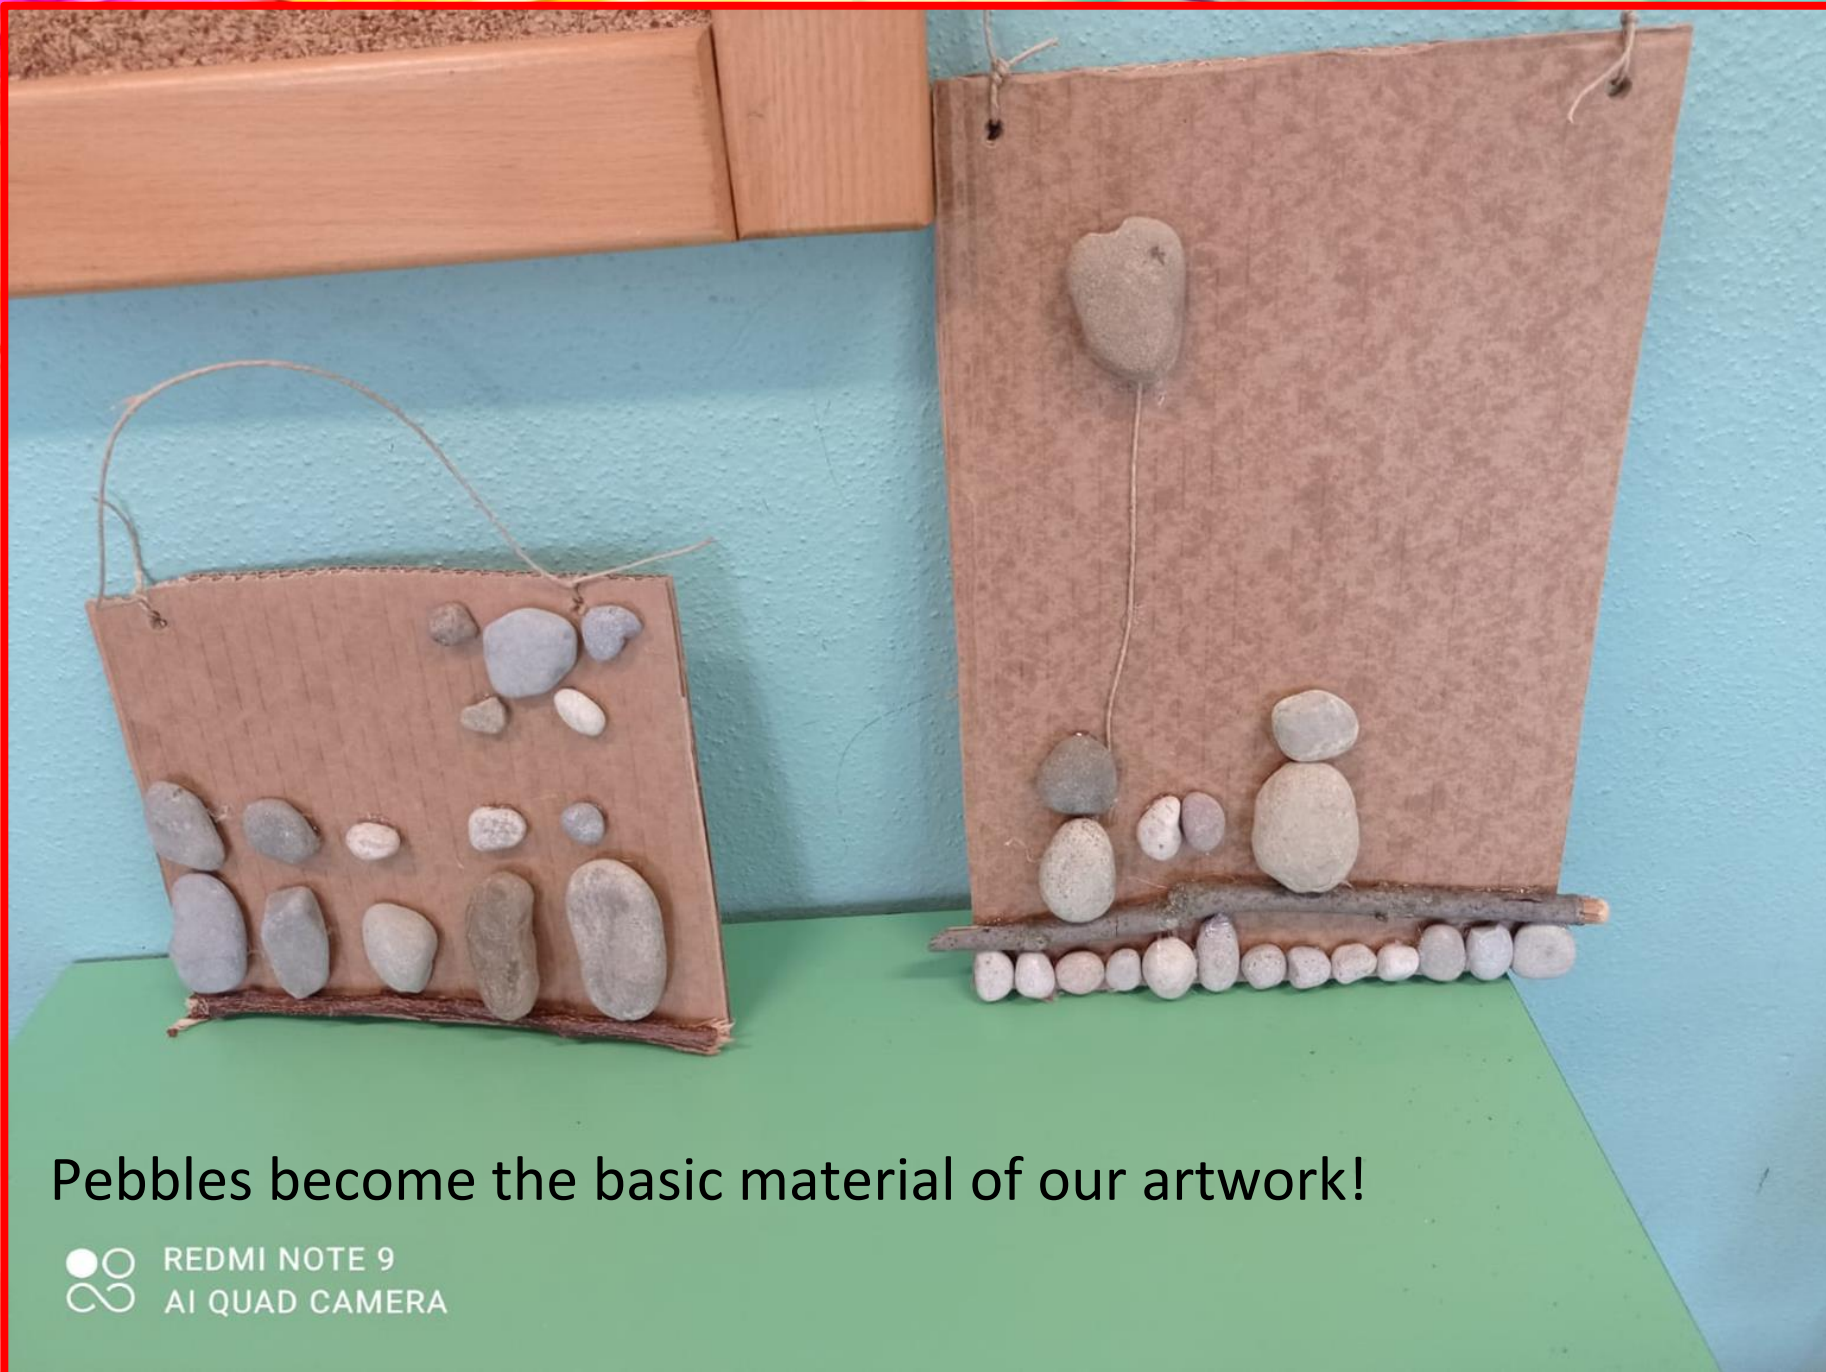

Funny heads filling up stockings with soil and seeds and decorating them with recycled materials

Beautiful artworks with painted pebbles

Pebbles become the basic material of our artwork!

**One day a special guest came to visit
us in Bellini School!**

We wish, she could stay here
with us every day!
we are grateful for her visit!

**Waiting for another
Erasmus Dissemination
Nature Day**

**Bellini Primary School
Children and teachers**
