

Rosa Doran

26 August

Exploring constellations with socially challenged and physically disabled children. Cristina Gaiotto says astronomy is the opportunity for students to dream. Cristina maybe one day they will wave to you from the Moon or Mars ... empowering is what you are doing 😊:-). Monica Fogliani dazzles us with a perfect combination of astronomy and art

SKY GAZING AND CONSTELLATIONS

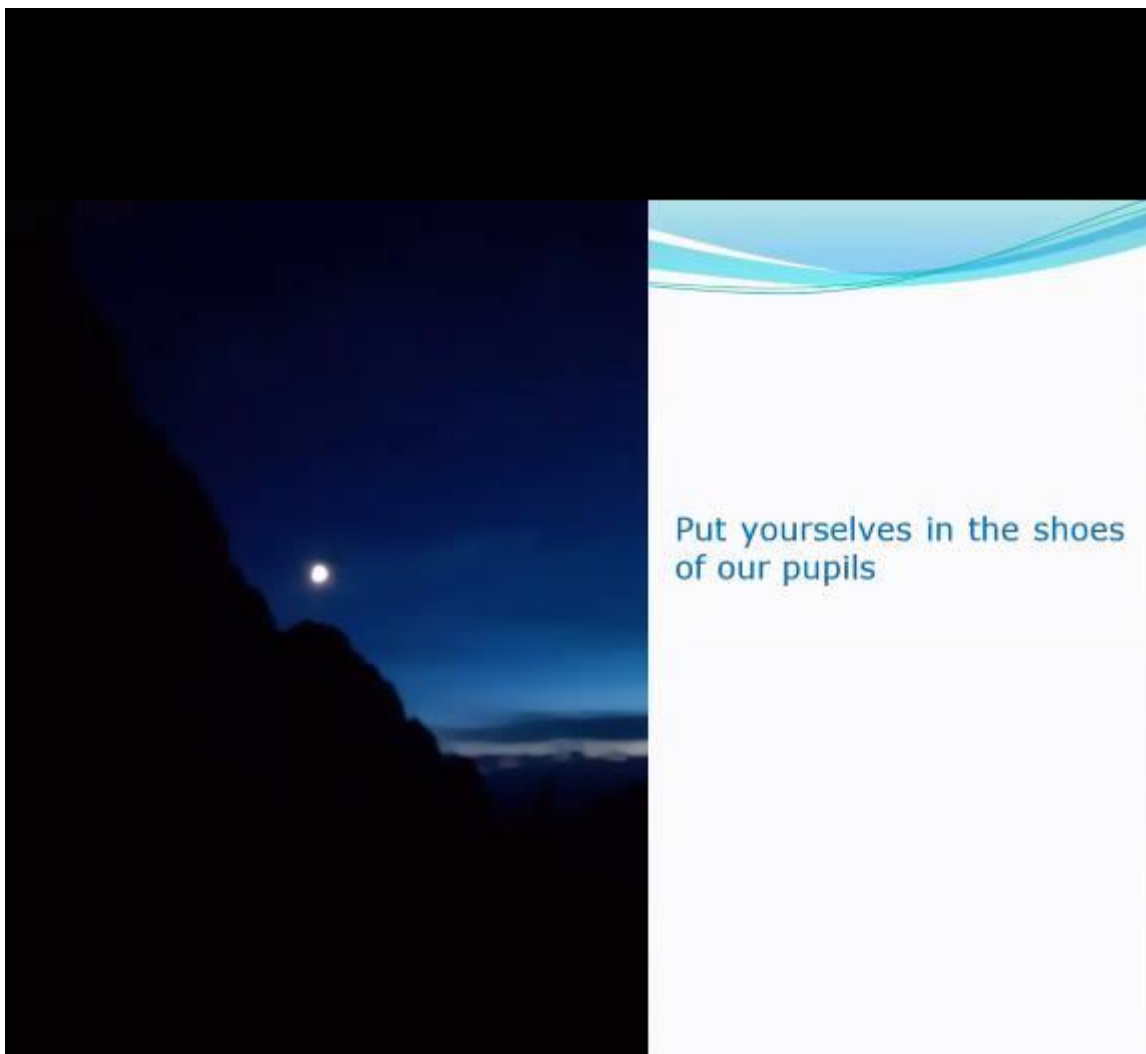

A multisensory and multidisciplinary approach to
Astronomy for Primary School children
Cristina Gaiotto, Monica Fogliani, and Katia Abbatecola
IC 2 NORD SASSUOLO (MODENA) ITALY

Caprarola sky with its 50 Constellations on the ceiling
of Palazzo del Farnese (VT): a perfect mix of Astronomy and Art
