

*A warm welcome to our Polish teachers
visiting our schools this week*

March 20th - 25th, 2023

**From 20th to 25th of March
the director and one teacher from a school
in Poland come to a job shadowing in our
schools.**

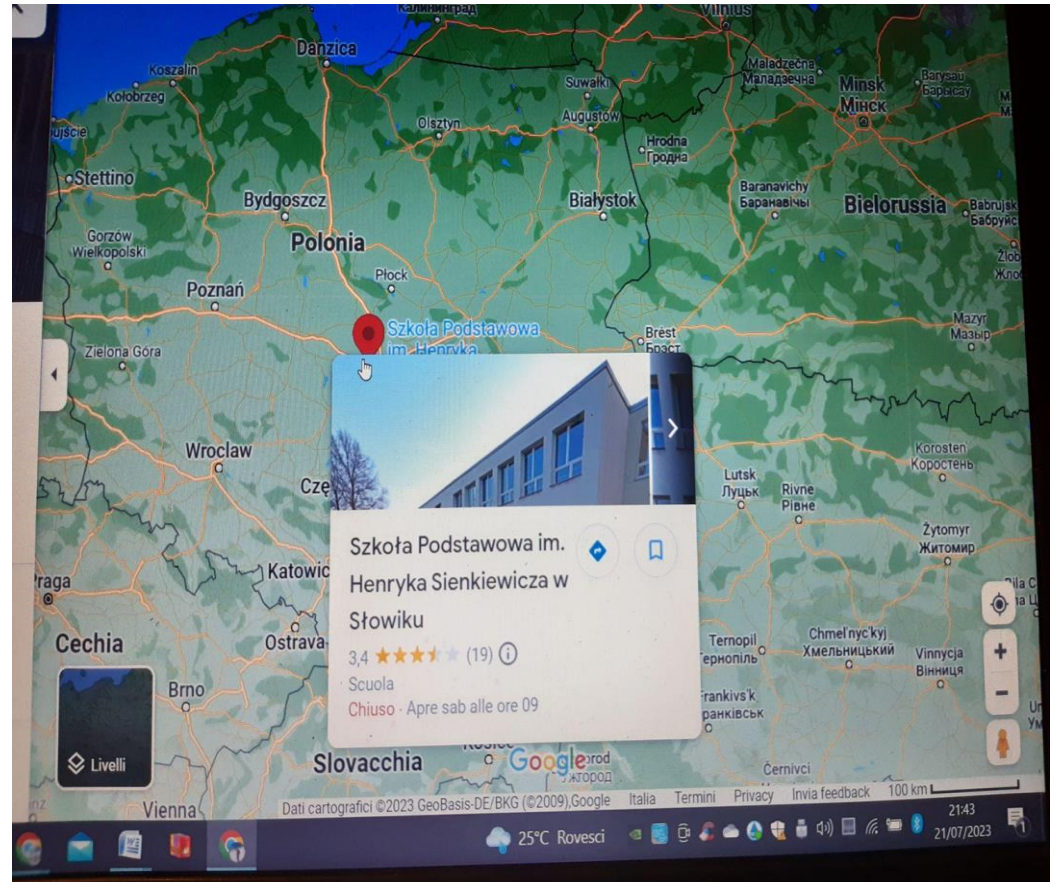

IB Pupils of Vittorino School welcome the Polish teachers with a series of dances....

Marietta English Professor sharing information about their school: Szkoła Podstawowa w Slowiku, ul Gdanska 42, 95-00 Zgierz, Poland

This school is located
north of Lodz, practically
in the center of Poland
It hosts about
500 pupils
age 3 to 16

Pupils of age 3 through 16 share the same school premises. This does not create any social problem. Actually, adolescent pupils help younger children.

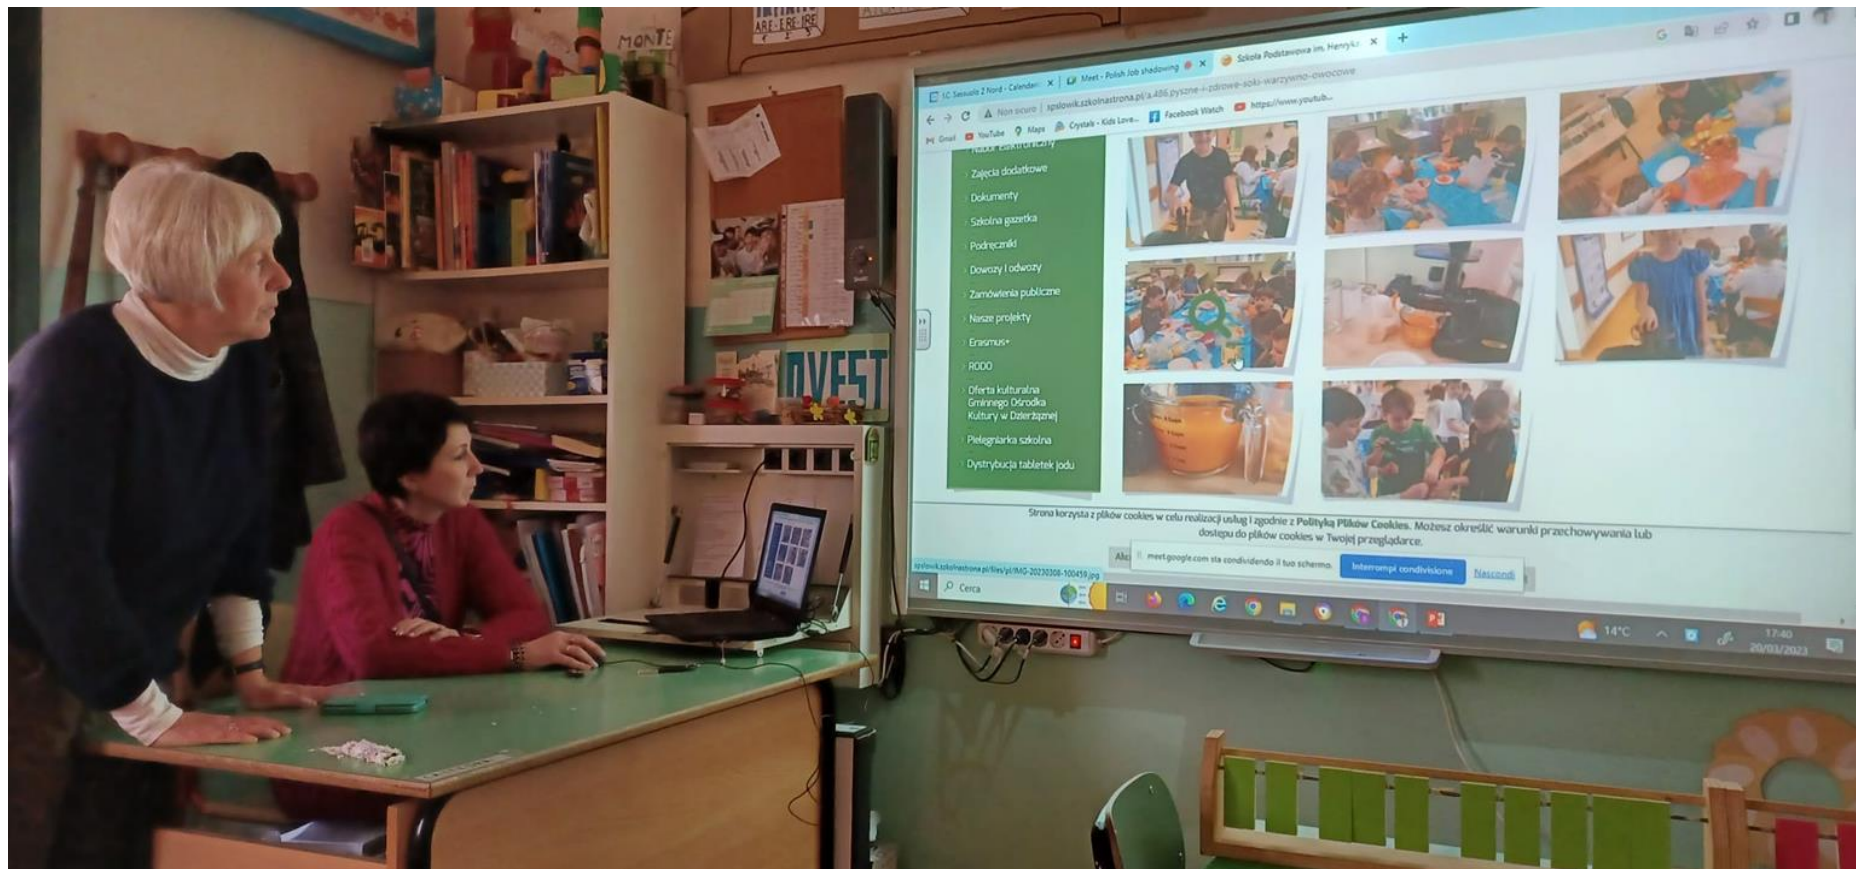

The school is active in several project including a Nationwide Educational Project "With ecology for you". The main goal of the project was to improve the ability to exploit the world independently and to shape proecological activities aimed at environmental protection. Tasks were conducted in all age groups by 4 teachers.
